The lights and siren are powered by a rechargeable power pack shaped like a drink bottle; that fit into a standard mounted bicycle bottle holder.

PATROL DIVISION:

The Thurmont Police Patrol Division consists of thirteen (13) sworn Officers, including the Chief of Police, Deputy Chief of Police, one Sergeant and three Corporals. The patrol officers rotate in their schedule to provide twenty four (24) hour coverage seven days a week working three different shifts. The officers are the first to respond to all types of calls for service while providing an average response time of two minutes. Other than taking prompt action, the Officers are excellent in resolving conflicts while exemplifying community policing. While handling more involved or serious incidents, the patrol Officer may handle the initial call for service and then refer the case to the Department’s Criminal Investigator for further investigation.

SIGNIFICANT CASES:

The Thurmont Police Department has one Officer assigned as the Criminal Investigator. This position allows timely resolutions to involved cases. The Criminal Investigator conducts a follow-up investigation which is an extension of the initial investigation in order to obtain additional evidence/information for the identification and possible apprehension of a suspect(s). Once the investigation is completed, and a suspect is identified and charged, the investigator is responsible for preparing the case for court. The investigator also serves as the agency's liaison with the States Attorney Office and other allied agencies.

The following significant cases of 2017 were disclosed to the citizens of Thurmont and distributed to media outlets to document police investigations that had occurred within the town limits of Thurmont.

TRAINING UNIT:

The Thurmont Police Department now has five Maryland Police and Correctional Training Commission (MPCTC) certified instructors, which includes two (2) firearms instructors. As of 2013, the Thurmont Police Department conducts their own complete in-service training classes, including firearms training.

TECHNOLOGY:

E-TIX: The Department is always trying to up-date its technology,

as its budget permits. Each police vehicle has an E-Tix device. E-Tix allows the officer to see how many times a person has been stopped by any participating agency. With E-Tix the officer can issue a traffic citation, warning or a safety equipment repair order in a short amount of time.

In-Car Video: Some patrol vehicles are equipped with an In-Car Video which will record an event as it occurs, which can be used in court as evidence. As well as recording what is occurring in front of the vehicle, it has the capability of recording the behavior of a prisoner seated in the rear of the cruiser. The purpose of the In-Car Video is twofold; officer safety as well as protecting suspects.

Mobile Data Terminals (MDT's): Each patrol vehicle is equipped with a Mobile Data Terminal (MDT) which allows the officer to stay in contact with the Frederick County Emergency Communication Center (Dispatch). It also provides them with an active map of the entire County which would allow them to use it as a GPS if necessary. The officer can receive calls from Dispatch via the MDT as well as complete their paperwork from their vehicle, such as an accident report.

License Plate Reader (LPR): Enhances law enforcement's ability to spot vehicles tied to investigations and other infractions. In return, helps solve cases and deter crime.

Automatic External Defibrillator (AED): The Thurmont Police Department received a donation of five AED units from a private source for use by the officers in the cruisers while on patrol. Since there are not enough units for each patrol vehicle; a unit is signed out at the beginning of the officer's shift and returned at the end. Every employee of the Department has received training in the proper use of the AED.

Preliminary Breath Test (PBT):

The Department utilizes Preliminary Breath Test (PBT) units as a tool to assist officers in determining if a suspected driver is in fact driving under the influence of alcohol. They also use Standardized Field Sobriety Tests (SFST), where a suspect is put through a series of standardized field tests to assist the officer in making his decision whether to place the suspected intoxicated driver under arrest.

Narcan:

Thurmont Police Department personnel have received training provided by the Frederick County Health Department to administer Naloxone through the Overdose Response Program. Naloxone is a fast-acting opiate antagonist used in emergency medicine to rapidly reverse opiate-related sedation and respiratory depression. Naloxone is marketed under various trademarks including “Narcan,” “Nalone,” and “Narcanti.” Narcan is a scheduled drug, but has no euphoric properties and minimal side effects. If it is administered to a person who is not suffering an opiate overdose, it will do no harm. During an opiate overdose, a patient may suffer a disruption in normal breathing. In some cases breathing may stop altogether, quickly leading to death. Law Enforcement often arrives on scene of overdoses before EMS personnel. The administration of Narcan by trained Law Enforcement officers will help save lives.

The 54th Catoclin Colorfest: The 54th annual Colorfest was held the weekend of October 7th and 8th. The Thurmont Police staffed this event, as it has in the past with officers working modified shifts, which resulted in a limited amount of overtime being spent to staff this event. With a reported crowd for the two day event of over 100,000 visitors, there were no major events, which resulted in an enjoyable event for vendors and visitors alike.

2017 Guardian Hose Fireman’s Parade and Carnival:

Every year the Guardian Hose Fire Company hold a parade and carnival. The parade is led by vehicles from the Department through town, which begins on East Main Street, past the judging stand at Memorial Park, ending on Boundary Avenue at the Carnival Grounds. Throughout the week of the carnival the Department provides extra officers to patrol the carnival grounds and surrounding area.

Life Saving Award:

The Life Saving Award is given to Officers of The Thurmont Police Department who, during the course of their duty, comes to the aid of a citizen and saves their life. For their actions to preserve each person's individual life, these Officers received the Thurmont Police Department's Life-Saving Award:

Cpl. David Armstrong

Cpl. Timothy Duhan

Ofc. Jody Maybush

Ofc. Brian Donovan

Officer of the Year:

Every year both the Thurmont Lions Club and Shumaker's Roofing seek nominations for Officer of The Year from the Command Staff from which the Selection Committee select only one Officer to be honored as Officer of the Year. This year the nomination for Officer of the Year was: *Corporal Kyle Minnick*.

Corporal Kyle Minnick:

Corporal Kyle Minnick began his career with the Thurmont Police Department in January 2012. Cpl. Minnick was instrumental in writing a Grant to purchase a License Plate Reader (LPR) for our agency. He also maintains the agency's ETIX hardware and software for our police vehicles. Cpl. Minnick was promoted to the rank of Corporal in October 2016. He was then assigned numerous responsibilities and has performed exemplary managing these assigned tasks and has assisted our agency greatly. Cpl. Minnick has prepared excellent written directives to other members and has filled the role of First Line Supervisor in a positive manner for our agency. Cpl. Minnick has also saved the lives of numerous persons suffering from a drug overdose. During the past twelve (12) months, Cpl. Minnick has administered NARCAN to four (4) individuals who were found unconscious and unresponsive due to a drug overdose. Cpl. Minnick's quick response helped these individuals survive.
